### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with J. Scott Young on 03/14/05.

The application has been amended as follows:

Claims 1-4 have been cancelled.

Claim 6, line 1, after the phrase "preparing water soluble particles", the phrase "of less than 50  $\mu\text{m}$ " has been inserted.

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of the claims is the use of the transitional phrase "consists of" to thereby exclude other constituents, such as starch, carbohydrates, or polysaccharides, in the coprecipitant core. Applicant's affidavit (Exhibit I, dated 01/18/05) shows unexpected results from particles of less than 50  $\mu\text{m}$  made by the claimed process.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 6-9, 11-21 and 41 are allowed.
